

Join the movement & give back November 29, 2022

Our story began in 1977 as Youth Environmental Services, serving the residents of southeastern and central Nassau County. Our mission is to increase awareness about personal and community issues, prevent and treat substance abuse, and to promote healthy families and a safe community. We continue to assist young people and adult community members in an effort to enable them to develop to their potential.

We know you have many choices when it comes to your charitable giving, but we hope you will keep us in your hearts this holiday season. This year, especially, has been very challenging as the pandemic has seriously impacted on all our fundraising efforts. Your contribution allows us to reach the children and families that need us most. Children who have been physically abused or witness to domestic violence, children and adults who have become addicted to drugs or whose parents are drug or alcohol involved. Sadly, while the list of issues and struggles that face our friends and neighbors grows with each passing year, our resources and ability to help remain a constant challenge. Your financial support helps us to help others...it is that simple to make a real difference in someone's life.

Please help us to make [**#GIVINGTUESDAY**](#) a real gift from the heart!
